Panasonic first tenant in HNK Den Bosch

Hoofddorp, 5 February 2015 – NSI N.V. (“NSI”) signed the first lease agreement for HNK Den Bosch with Panasonic for a long term lease for approx. 1,100 sqm office space and 35 parking lots. Panasonic has specifically chosen for the HNK concept as it enables Panasonic to rent exactly the office space required and provides flexibility in services. HNK Den Bosch, located at the Europaweg, will be opened officially in April 2015. HNK stands for ‘Het Nieuwe Kantoor’ (‘The New Office’), the full service and flexible leasing concept of NSI.

"We specifically chose for the HNK concept," says Ronald van den Heuvel, Managing Director Panasonic Benelux. "HNK offers the look & feel we were looking for and facilitates us in further embracing the new way of working. I am convinced that the social heart and the interaction with other tenants and users will inspire our people and will promote collaboration."

HNK Den Bosch will be opened mid April. The asset is located at business park ‘De Herven’ at the Europalaan 28, close to highway A2. HNK Den Bosch provides approx. 3,750 sqm office space, of which 1,100 sqm is leased by Panasonic. The HNK concept is characterized by the ‘social heart’, the central space on the ground floor, offering 50 work stations, seating areas and a pantry. Furthermore, the meeting rooms and the ‘managed offices’ are located on the ground floor, with the ‘tailor made offices’ on the upper floors.
